Ahora vinimos Enviando amor al mundo entero, eh
Somos libres Por gracia

Santo Domingo

VERSE 1

Right now life is complicated
Problems can be overrated
But we serve a God
Who is bigger than the seas (Miami)
The storms of life can beat you down
Halfway there you wanna turn around
But maybe you can hear this sound
And start to believe

CHORUS

And put that smile on your face
Take a look around
Though its hard and you can't see
There is so much to be grateful for
Let your toes touch the waves
As you walk across the sand
In your mind (Cartagena)
Then smile

VERSE 2

Your day's not been a walk in the park
But for a minute could we just get lost
Like sun to the leaves
Let God's grace kiss your cheek (La gente mia)
I can see your frown is turning
Upside down, now the fire's burning
If you feel your joy returning
Just get up on your feet

CHORUS • REPRISE

And put that smile on your face (Houston)
Take a look around
Though its hard and you can't see
There is so much to be grateful for
Let your toes touch the waves

As you walk across the sand
In your mind
Then smile
(En Yeshua hay Poder para sanar)

BRIDGE

(Dominicanos, Dominicanas, Boriqua, Costa Rica, Venezuela, Colombia)

Cause when you're feeling low
And nothing falls in line
Life can seem like
One big disappointment
The courage that you show
By walking through your fears
Will light your fire
And remind you once again
